

Second Sole's Fight Against COVID-19

First and foremost, we want everyone to know that the health and well-being of our Second Sole community is always our highest priority. With that being said, we would like to address concerns surrounding COVID-19 and how it will impact our day-to-day operations, store hours and community events.

Our Retail Locations

We take pride in each and every one of our retail stores and we know that cleanliness is more important than ever. For the time being, we are keeping regular store hours and continuing business as usual. We are taking every precaution and we are following the CDC guidelines and implementing more regular cleaning and sanitizing of highly trafficked surfaces (ie. Door handles, checkout counters, fit benches, product displays, and much more). There is no doubt that this will be a very trying time for us as well as other small businesses.

To Our Community

We encourage you all to get out and go for a RUN or WALK! It's easy to get wrapped up and consumed with everything that is happening in the news. But we know that movement, whether it be running, walking or simply stretching, can make a world of difference in your day! We are all in this together and we hope to see you all soon!
